The circulation of the DAILY NEWS is steadily increasing and on Monday passed the 500 mark by a clear majority of 100. Monday's edition of the paper was exhausted fifteen minutes after the last form was off the press. 600 for a daily in a city the size of Daytona is a very creditable showing and is evidence that the public appreciate our efforts. It shall be our aim to build the circulation to a still higher figure and to accomplish this will make it better and better each day.
